## MEET KURTIS & LYDIA

Lydia and Kurtis are siblings and very much hope to be in the same family!

**Lydia is 14 years old and a sophomore in high-school.** She enjoys all kinds of activities and never passes up an opportunity to participate. Sports such as basketball and swimming are favorite activities. She was recently a student manager of her volleyball team and was a big help. She is good at taking responsibility for her chores and asking what else needs to be done. It will be important for Lydia to be in a family who respect her as a growing young woman, will listen to her and involve her in decisions.

**Kurtis is 12 years old and in the 6th grade.** He is a quiet and shy boy who takes a while to warm up, but when he does, he will have you laughing with his contagious and quick sense of humor! Kurtis loves the outdoors and will not pass up an opportunity to go outside and play. Anything active like hiking, biking or sports and he is ready to go. Last year, his favorite subject was science as he got to build robots. He is also an animal lover and is good with them.

A best fit for Kurtis and Lydia will be an active family who will consistently demonstrate trustworthiness and consistency. Both of these children get along well with children of all ages, but a family with older children might be best so that their new family can focus on their needs. The ideal family will be able to care for both children. If two families care for them, it will be important for them to facilitate together time for these children.

If you might be family to Lydia or Kurtis, please contact Child Bridge, 406-2-FOSTER or [info@childbridgemontana.org](mailto:info@childbridgemontana.org).

Please keep them in your prayers.
